

Statement for website on Disapplication of Inspections

The Disapplication of the Diocese to inspect Schools will continue until September 2021.

The Diocese has already issued a “Notice of Deferral” to individual schools who would have, be it not for the pandemic, undergone a Section 48 Inspection during this period of disapplication.

The Diocese is acutely aware of the pressures on school leaders are under at this time and hope this decision alleviates any unnecessary anxiety that any inspection or monitoring visit may cause and frees up time for school leaders to focus on day-to day operations within their schools.

The Diocese will inform School and Governors later in the year when Inspections and monitoring visits will recommence.
